

ARJU SINGH

Software Engineer, Generative AI Engineer, Entrepreneur

connect@arjusingh.com, +91-9306466642, arjusingh.com, linkedin.com/in/arjusinghdev, github.com/deadxolo

PROFESSIONAL SUMMARY

Software Engineer and entrepreneur with hands-on experience across full-stack web development, UI and UX design, generative AI, and product building. Completed a Software Development Internship with India's Ministry of Housing and Urban Affairs. Founded and launched four live startups spanning PropTech, legal tech, pet care, and fantasy sports. Skilled in MERN stack development, rapidly understanding complex codebases, debugging production systems, and delivering end-to-end solutions. Strong expertise in React, Node.js, Express.js, MongoDB, Firebase, JavaScript, Figma, and LLM-based AI integrations.

KEY SKILLS

React, Next.js, Node.js, Express.js, MongoDB, MERN Stack, JavaScript, TypeScript, HTML5, CSS3, Tailwind CSS, Firebase, REST APIs, Cloud Functions, Python, SQL, Git, GitHub, AWS, Google Cloud, Figma, UI and UX Design, Prompt Engineering, LLM Integration, OpenAI API, Gemini API, Claude API, Agile Methodology, CI and CD, Responsive Design, Full-Stack Development, Generative AI

WORK EXPERIENCE

Software Engineer, Akshay Lakshay Pvt Ltd

Jan 2026 - May 2026, India

Technologies: React, JavaScript, Firebase, UI and UX Design, AI Integration, Prompt Engineering, Agile Methodology

- Designed and developed end-to-end software solutions aligned with business requirements across React-based frontends and Firebase backends.
- Integrated LLM-based AI features and engineered prompts to deliver intelligent, user-facing product capabilities.
- Managed deployment, debugging, and performance optimization across production environments following Agile methodology.

Founder and CEO, PetsCare.Club

2024 - Present, India

Technologies: React, Node.js, Firebase, REST APIs, Payment Gateway

- Founded and launched a live pet care platform connecting pet owners with veterinarians, groomers, and pet communities.
- Architected the full-stack platform end-to-end, owning product strategy, UI and UX design, and backend development.
- Scaled the platform to 100+ active users with integrated service booking, community features, and provider dashboards.

Software Instructor, Mega Tech Bot

Sep 2024 - Dec 2025, India

Technologies: JavaScript, HTML, CSS, Programming Fundamentals

- Taught programming and software development skills to 60+ aspiring developers, building strong foundations in JavaScript, HTML, and CSS.
- Designed curriculum and hands-on coding exercises covering web development fundamentals and modern frameworks.

MERN Stack Trainee, Croma Campus

Jul 2024 - Dec 2024, India

Technologies: MongoDB, Express.js, React, Node.js, JavaScript, REST APIs, Git

- Completed comprehensive MERN stack training covering MongoDB, Express.js, React, and Node.js with hands-on project development.
- Built full-stack web applications applying modern JavaScript, RESTful API design, authentication flows, and component-driven UI architecture.
- Recognized by the training organization as a good performer and excellent learner. Certificate ID: CCN-43321794. Issued by Croma Campus, NASSCOM Certified Member and Wipro Credential Platform Partner.

Software Development Intern, Ministry of Housing and Urban Affairs, Government of India

Jul 2023 - Sep 2023, New Delhi, India

Technologies: Web Technologies, Government Portal Development

- Contributed to urban development technology solutions for India's Ministry of Housing and Urban Affairs under the DAY-NULM program through the TULIP internship.
- Delivered analytics-driven modules for government technology projects, building dashboards and reporting components that supported smart city and urban planning initiatives through data visualization and structured reporting.

LIVE STARTUPS AND PRODUCTS

PetsCare.Club

Technologies: React, Node.js, Firebase, REST APIs. **Link:** petscare.club

- Live pet care platform connecting pet owners with vets, groomers, and pet communities with service booking and provider management.

Land Technology

Technologies: Full-Stack Development, AI, Google Maps API. **Link:** land.technology

- PropTech platform featuring AI-powered property valuations, virtual tours, geofencing, and land record management.

LawMS

Technologies: React, Node.js, MongoDB, LLM APIs. **Link:** lawms.in

- AI-powered legal management system with case tracking, document categorization, deadline management, and automated billing for law practices.

Kaptaan (Beta)

Technologies: Node.js, Real-time APIs, Analytics Engine

- Fantasy sports platform with real-time analytics, multiplayer leagues, and data-driven player insights.

KEY PROJECTS

Hope Charity Website

Technologies: HTML5, CSS3, JavaScript, Payment APIs

- Fully responsive charity platform with secure donation processing, volunteer registration, event management, and animated UI.

Analytics Dashboard

Technologies: React, Chart.js, Node.js, MongoDB, REST API

- Real-time business intelligence dashboard with interactive charts, drill-down views, customizable KPI tracking, AI-generated insights, and role-based access control.

Task Management System

Technologies: React, Firebase, Cloud Functions, PWA

- Enterprise collaboration tool with kanban boards, drag-and-drop, real-time sync, deadline reminders, progress analytics, and Slack and Google Calendar integrations.

E-Commerce App UI (50+ Screens)

Technologies: Figma, UI and UX Design, Prototyping

- Complete mobile app UI design covering product catalogs, smart cart, checkout flows, order tracking, wishlists, and personalized recommendation interfaces.

Flappy Bird Game

Technologies: JavaScript, HTML5 Canvas. **Link:** flappybird.arjusingh.com

- Browser-based Flappy Bird clone with custom physics engine, scoring system, and responsive controls. Deployed and live.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, HTML5, CSS3, Python, SQL

Frontend: React, Next.js, Tailwind CSS, Responsive Design, HTML5 Canvas

Backend: Node.js, Express.js, REST APIs, Cloud Functions, Firebase

Databases: MongoDB, Firebase Firestore, Real-time Database

Stacks: MERN Stack (MongoDB, Express.js, React, Node.js), Full-Stack JavaScript

AI and Generative AI: LLM APIs (Gemini, OpenAI, Claude), Prompt Engineering, AI Integrations

UI and UX Design: Figma, Prototyping, Wireframing, User Research, Mobile Design

Cloud and DevOps: Firebase, AWS, Google Cloud, Git, GitHub, CI and CD

Integrations: Payment Gateways, Google Maps API, Chart.js, Slack API, WhatsApp Business API

Tools: Git, VS Code, Figma, Postman, Chrome DevTools

EDUCATION

Bachelor of Technology in Information Technology

Guru Jambheshwar University of Science and Technology, Hisar, Haryana, India

2021 - 2025

CERTIFICATIONS

Certificate of Achievement in MERN Stack Training

Issued by Croma Campus, NASSCOM Certified Member and Wipro Credential Platform Partner

Issued: March 2025. **Certificate ID:** CCN-43321794

- Completed MERN stack training from 17 July 2024 to 06 December 2024 covering MongoDB, Express.js, React, and Node.js. Recognized as a good performer and excellent learner.

Verify: <https://drive.google.com/file/d/13YVpb2uKNKEyExXNiMVb3ZVZ6sdl8l0H/view?usp=sharing>

Certificate of Completion, TULIP (The Urban Learning Internship Program)

Issued by Ministry of Housing and Urban Affairs, Government of India, DAY-NULM

Issued: October 2023

- Successfully completed internship from 14 July 2023 to 14 September 2023 with DAY-NULM, assisting in research, design, and fieldwork related to Website Design and App Development.

Verify: https://drive.google.com/file/d/1XcbUltNBI0rVopKoUMyswQ1r_-Bu2L/view?usp=sharing

Microsoft Learn Student Ambassador, DevRise: Climbing the Programming Ladder

Issued by Microsoft, Microsoft Learn Student Ambassadors Program

- Recognized for attendance and completion of the Microsoft Student Ambassadors DevRise program focused on programming skill development.

Verify: <https://drive.google.com/file/d/1EvMa7TCKKXbilzqYcW7tFFAhQvKkM0dG/view?usp=sharing>

Certificate of Excellence, Projectathon Competition (3rd Position)

Issued by GJUST-CODERS Coding Club, Training and Placement Cell, GJUS&T Hisar

Issued: January 2022. **Certificate No:** TPC/E-CERT/22/3435

- Awarded 3rd Position as part of the winning team in the Online Projectathon Competition organized by GJUST-CODERS Coding Club.

Verify: <https://drive.google.com/file/d/1RYiYILSRe87Nqn0rM0KN2RZG0PUirwhz/view?usp=sharing>

ACHIEVEMENTS AND RECOGNITION

- Four Live Startups:** Founded and launched PetsCare.Club, Land.Technology, LawMS.in, and Kaptaan spanning PropTech, legal tech, pet care, and fantasy sports.
- Government Internship:** Selected for Software Development Internship at the Ministry of Housing and Urban Affairs, Government of India (TULIP and DAY-NULM).
- MERN Stack Certified:** Certified by Croma Campus (NASSCOM Certified Member) for completing MERN stack training as a good performer and excellent learner.
- Microsoft Learn Student Ambassador:** Completed the DevRise: Climbing the Programming Ladder program under the Microsoft Learn Student Ambassadors initiative.
- Projectathon Third Position:** Awarded Certificate of Excellence by GJUST-CODERS Coding Club, Training and Placement Cell, GJUS&T Hisar.
- Software Educator:** Taught programming and software development to aspiring developers at Mega Tech Bot.
- Recognized Problem Solver:** Praised by peers and co-founders for exceptional ability to understand complex codebases and deliver elegant solutions rapidly.
